

# Aspiring

NATIONAL LEADERSHIP PROGRAMME

Aspiring NLP serves to provide the leadership insights, tools and skills to **propel** good managers into positions as great senior leaders and principals.

We combine expert coaching and a customised leadership development plan based around each delegate's strengths, as well as adding value to their aspirations.

Aspiring NLP is delivered over a one year period to ensure minimal disruption. We recommend Aspiring NLP for anyone who is looking to deepen their understanding of themselves as a leader, and the fundamentals of leadership.

*Who is Aspiring for?*

Current school leaders aspiring for senior leadership or principalship.

The Aspiring National Leadership Programme is designed for leaders within the education sector who aspire to accelerate their career through growth in their personal leadership capabilities, as well as add value to their teams and colleagues.

You will network with a nationwide community of lifelong learners and expert Kaiārahi.

Lead Kaiārahi

Pauline Cowens  
Former Principal  
Tauranga Girls' College

Marshall Diggs
