NATIONAL LEADERSHIP PROGRAMME

Emerging NLP serves to provide professional coaching and growth for emerging leaders by equipping them with the tools and skills required to thrive. Participants gain the skills to confidently lead from the middle as effective educational leaders.

The programme is delivered over a one year period, combining vibrant PLG seminars, online learning and networking, and individualised coaching with an assigned Kaiārahi.

*Who is Emerging for?*

Teachers or emerging leaders seeking a career development pathway.

The Emerging National Leadership Programme is designed for leaders who aspire to accelerate their career through growth in their personal leadership capabilities, as well as add value to their teams and colleagues within their school environment.

You will network with a nationwide community of lifelong learners and expert Kaiārahi.
